

Complete Waterproofing System

- Waterbased waterproofing coating
- Flexible & Elastomeric System
- Complete surface preparation before application of product
- Slope correction to avoid water stagnant & ponding
- Complete System for concrete
- V-cutting & restoration for all visible hairline cracks
- Cracks treatment using pressurize expoxy injection systems
- UV Resistance for all exposed surfaces
- Reinforced with CSM, for strong hold on surface to avoid peel-off
- For long term protection
- Environmental Friendly Product

American Packing Industries Philippines Corporation

..... SERVICES WE OFFERED:

CERAMIC CARBIDE LINING FOR ANY TYPE OF METAL
CERAMIC TOP COATING FOR ABRASION, CORROSION AND EROSION RESISTANCE
REBUILDING AND RESTORATION BY MEANS OF COLD WELDING PROCESS
EMERGENCY ON-LINE SEALING AND REPAIR
COMPLETE ELASTOMERIC RUBBER REPAIR SYSTEM BY MEANS OF COLD VULCANIZING PROCESS
CHEMICAL PROTECTION COATINGS FROM UP TO 98% SURFURIC ACID
SUPER METAL REPAIR SYSTEM RESULTING TO MACHINABLE PROPERTIES.
COMPLETE MARINE REPAIR KIT SYSTEM
REPAINTING WORKS WITH SEALING OF ALL LEAKS
PRESSURIZED STRUCTURAL EPOXY INJECTION TREATMENT FOR CONCRETE ROCKS

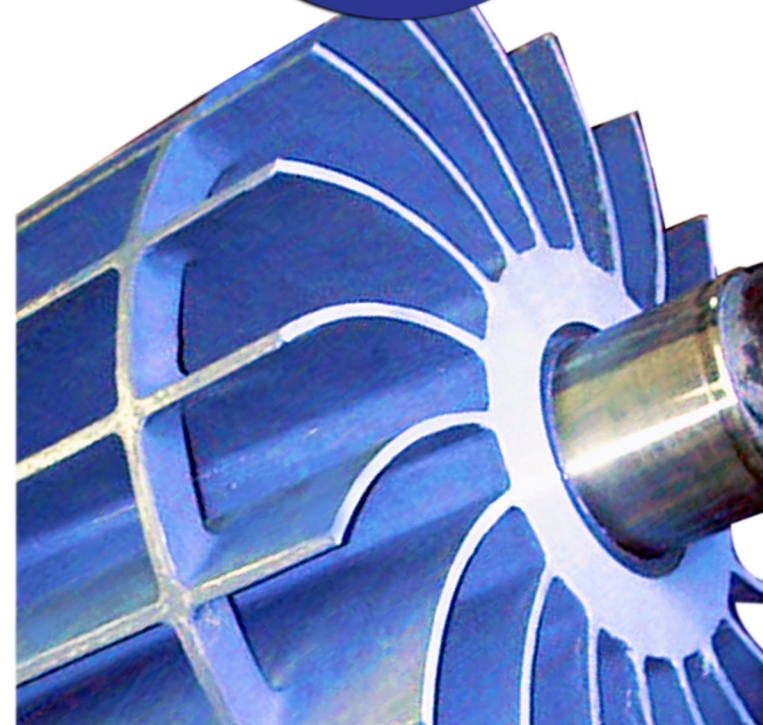

.....

*A complete source of Quality Industrial Sealing
Chemical Products and Equipment*

Super Metal Repair Systems

- Complete Methodology for metal restoration
- Excellent mechanical strength
- Excellent in underwater repair
- Developed for on-site emergency repairs
- Developed for worn threads & shafting
- Excellent on protection for all dirt, grease & corrosion

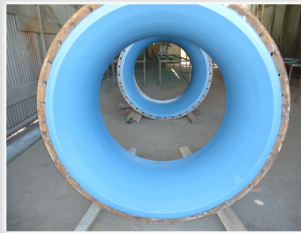

- Versatile for machining properties & specification
- Ideal for repairs to pumps, valves, worn shafts, stripped threads, pipes tanks, radiators & casing
- Ideal for rebuildings
- Easy to apply on all weather condition

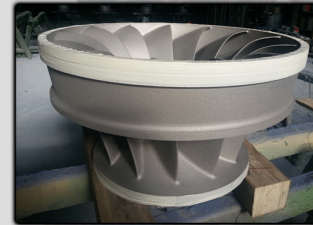

- Versatile on packing for orders
- Environmental friendly
- Allows repair in one easy application

Elastomeric Rubber Repair System

- Rapid cure elastomer
- Developed for the emergency repair of rubber components by trower or putty knife
- Ideal for conveyor belt repairs where downtime is limited

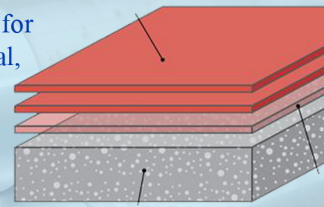

- Allows repair in one easy application
- Environmental friendly product
- Versatile on packing for orders

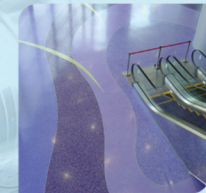

PolyUrethane Flooring System

- Complete P.U Flooring System for production, warehouse, industrial, commercial, cold storages and many more with mortars.
- Heavy equipment resistance
- Options up to 9mm thickness with any colors.

Manufacturing

Offices

Food & Beverage

Emergency Pipe Repair Kit System

- On-line emergency repair with up to 52 bars pressure resistance and 270 degree celcius temperature
- No need for shutdown
- Easy to use, up to 12 minutes curing time only

Ceramic Carbide Lining System

- High abrasion resistance
- High performance fluid ceramic top coat
- Provides outstanding resistance to implement, entertainment erosion / corrosion
- Optimum resistance for erosion / corrosion

- Low friction to enhance fluid flow
- Ideal for protection pumps, valves, impeller, waterboxes.
- Solvent free flexible urethane ceramic compound
- Ideal for resurfacing properties kurt nozzles, guide, valves, tube sheet, etc.

- Optimum physical & mechanical strength
- Ideal equipment subject to aggressive attack from dry solids & slurries
- Versatile on packing for orders

- High builds solvent free epoxy coating design for the long term protection of steel & concrete structure
- Highly Resistant to marine & industrial environment
- Excellent resistance to abrasion & mechanical damage

- High build solvent free polyurethane coating designed for the efficient long term protection of pump valves, fitting & equipment
- Suitable for contact with potable water
- Seamless finish, excellent abrasion resistance

Chemical Protection System

- Solvent free coating to repair polyester resin laminated hulls
- Excellent penetration adhesion & over coating properties
- Water Activated bandages & fast curing metal repair compound
- Specially selected range of high performance, laminate, adhesive & engineering repair products
- Ideal for emergency repairs to leaking firework
- Versatile on Packing for orders

Thistle Bond Marine Repair Kit
